River Rock Hop

You will need:

Ropes and beanbag
beanbag

1
2
3

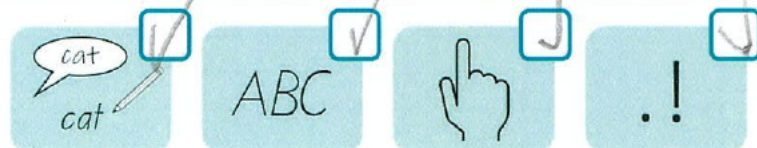

Steps:

Carefully hop along
the rocks.

Grab the back
rock.

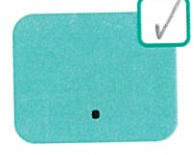

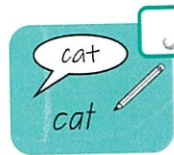

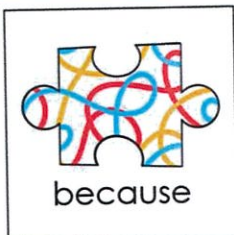

Pass the rock to
the other person.

Put the rock
in the river.

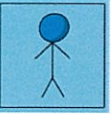

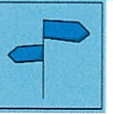

I would use a
box because the
eggs won't fall out
easily.

Our River Repair Bus Adventure

On Friday, Kirra and Ryan go to Sandy Beach in the River Repair Bus. Kirra finds a nest but the dad is not there. Greg is worried. The children need to move the eggs.

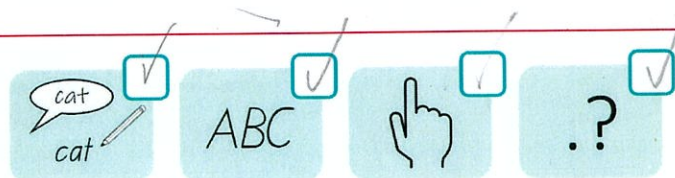

They try a tray
but it is too hard.

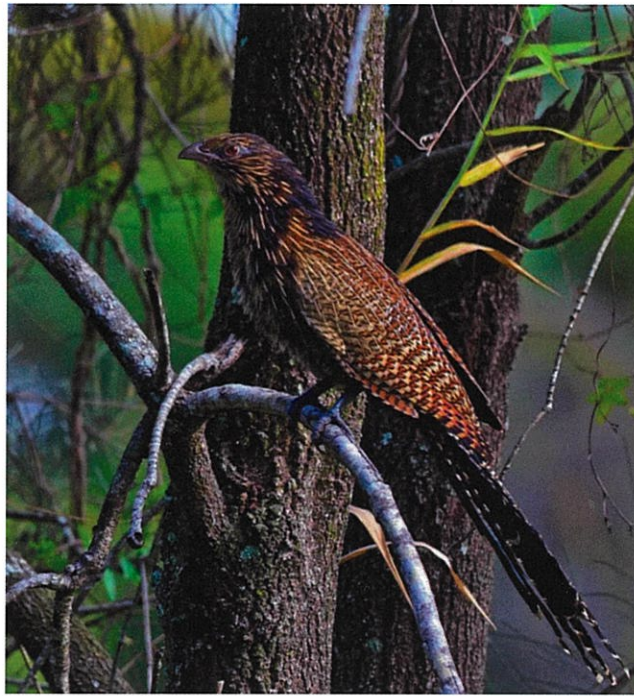

They try a
gumboot but it is

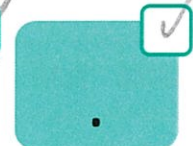

too deep.
Then Kirra has
an idea. She
wraps the eggs
in a towel because
it is soft and
fluffy. The eggs
are warm and hatch.

Pheasant coucals are unique birds.

*They do not like
to fly.*

All About Pheasant Coucals

Description

Pheasant coucals have a beak, two wings, two legs and a tail. They are covered in feathers.

Diet

Pheasant coucals mostly eat meat. They eat insects, frogs, lizards and mice.

Habitat

Pheasant coucals can be found across the top of Australia. They like to live in places with lots of plants and tall grasses.

All About Pheasant Coucals
